True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

FACTS & FANCIES

Frank Fairborn, Jr.

DURING 1948, QUIT!

Loafing.
Gossiping.
Fidgeting.
Grumbling.
Hairsplitting.
Pretending, and be yourself.
Saying that all is against you.
Finding fault with the weather.
Anticipating evils in the future.
Going around with a gloomy face.
Fault-finding and worrying.
Taking offense where none is intended.
Dwelling on fancied slights and wrongs.
Talking big things and doing small ones.
Scolding and flying into a passion over trifles.
Thinking that life is a grind and not worth living.
Exaggerating, and making mountains of molehills.
Lamenting the past and holding on to disagreeable experiences.
Thinking that all the good chances and opportunities are gone by.
Thinking of yourself to the exclusion of everything and everyone else.

ERAL TOWNS ADVOCATING C MANAGER APPOINTMENT

Faces with many prewar problems arising from industrial expansion, demobilization, scarcity of materials and labor, postponed services and public finance, many municipal corporations are now debating the proposition of hiring brains and experience for the transitional period.

The job, generally termed "City Manager" is not a new conception for the scheme had a vogue particularly in Western Canada following over expansion in the boom period. It met with success in many cases and Municipal Acts were amended to permit local councils authority to employ a manager. But there has been much opposition to the scheme.

Essentially the job is one coordinating the whole structure of municipal administration just as a general manager is employed to direct the affairs of private industry. Both theory and practice are completely sound. That is, a capable executive advocates a program for submission to a board of directors.

In municipal procedure the local council acts as the board of directors with complete authority over general policy. The ratepayers are the shareholders in the latter case.

In the case of public administration the press acts as a liaison in stating the recommendations of the civic manager, a fact of some importance when the council gets down to business in the matter.

So as we say, it is not surprising that many towns, having experienced unnecessary loss in recent times, are considering the employment of high executive ability to advise the elected representatives.

Boards of Trade generally are reported in favor of the plan.

BEAUTY TO BE MORE COSTLY?

If Messrs. Abbott, Howe and Taylor think they have trouble now, wait until Mrs. and Miss Canada find out the beating the \$50 million-a-year beauty parlor business is taking from the dollar-saving program.

Mr. Abbott got an unpleasant sample of feminine indignation the other day. He was badgered and bothered for an hour by a horde of women: just over a mundane thing like high food prices.

If he lets austerity interfere with a thing like packaged feminine allure, he'd better take to the Gatineau Hills. By comparison, the high food price do would seem like a Sunday school session.

It might be all right to ban Buicks and Cadillacs and washing machines and radios and structural steel. But, brother, when they start monkeying with milady's makeup, look out.

And that's what they've done, the poor innocent males; they've banned many things used in giving the ladies that certain look. Wave machines are out. So are driers.

And last week end, to make matters worse, Ottawa remembered something it had forgotten in the first list: theoglycolic acid. That's the stuff used in cold waves. Every bit of it comes from the United States.

In fact, according to a leading beauty shop supplier, (a man, incidentally) just about everything madame puts on her face and uses to do her hair, comes from supplies originating south of the border.

At present, all complete units are banned. As for parts used in assembling units in Canada, the situation is unclear.

"You ask a local customs man what about it and he says, 'Go read the paper, then you'll know as much as I do,'" T. H. Lancee, of the Ontario Beauty Supply Co., Hamilton, told The Financial Post.

"We're hit pretty bad but we're optimistic about the future. Already several American firms have been talking about establishing manufacturing plants in Canada. Of course, that's all pretty much in the air until we know where we stand."

All this may make economic horse sense but the thing milady wants to know is: Is she going to be able to get a permanent, a mud pack or a facial?

The answer is, yes, for a while anyway.

It all depends on how long the ban stays on and whether parts and raw materials will be restricted. In any event, count on the cost of beauty going up. That's the word from the trade.

THE SECRET OF SUCCESS

People sometimes ask what is the secret of success in one's occupation. One answer was given by the philosopher, who said that if someone makes a better mousetrap, the world will beat a path to his door, even if it is located in the woods. There is a great amount of truth in that idea.

People who take a keen interest in their occupation are likely to often consider whether their service or the thing they are doing or making can be improved. They watch carefully to see what the public wants, and if it is possible to make any improvement in their work or service, and to do something a little better than someone else is doing it, they take advantage of that chance. Such efforts can be expected to bring success.

It always takes two to make up after a quarrel.

No horse can go as fast as the money you bet on him.

Intuition—Suspicion in skirts.

Constable Seymour shovelling now in front of the fire hall.

All my Widows had a Merry Christmas and a Happy New Year.

Advice—What a man gives when he gets too old to set a bad example.

First real snow storm of the season New Year's night and Friday morning. Grimsby merchants did a good job of cleaning their sidewalks.

New wrought iron gates have been placed at the entrance to the new driveway that leads off Main west to the new addition to St. Andrew's Churchyard.

Reports coming to this columnist are to the effect that the pupils of both the Public and High schools are using St. Andrew's Churchyard for a "short cut". This should not be.

Grimsby citizens are to be congratulated upon their same and sensible celebration of both Christmas and the New Year. Municipal and Provincial Police are really happy about the whole thing.

Several residents of Ontario street complain to this column that when the town snowplow is out plowing the fluffy white stuff that they neglect to plow Ontario street. They claim the plow never goes farther north than Clarke street. Could it be that the reason is too many cars left parked on the street all night which hinders the work of the plow?

Give Me Health. This is my first wish, for without good health all other things are of little value. Let me arise each morning, refreshed, sound in mind and body, filled with an eagerness to face what each day holds for me.

INTRODUCING

THE NEW LINE OF

FORD TRUCKS

'WAY BACK WHEN

Frank Fairborn, Jr.

1900—Reeve Jas. A. Livingston; Councillors S. Wismer, K. N. Grout, W. Kavanagh and J. J. Groce. Have never heard of the generosity of any of them so they must have realized that Mr. Brodie was earning his salary. Up to the beginning of 1899 he had been getting the magnificent sum of \$75 a year. The same council but one year before raised his salary to \$85 and this year made it \$100. W. F. Randall had been assessor for three or four years, mayhap practising up for his later municipal positions which he held, and the council of 1900 added some to his municipal experience by fencing off Robinson street from John to the Grand Trunk and appointing Frank as poundkeeper. Ping Pong or One Lung, or some other chap from Hong Kong was running a laundry and the boys must have bothered him for Grout and Kavanagh put a motion through that a reward of \$5 be paid for conviction of anyone bothering the Chinese laundryman.

1901—Reeve Jas. A. Hewitt; Councillors J. J. Groce, W. F. Gibson, William Mitchell and A. C. Cole. The vicissitudes of the fire company have been but slightly referred to in past chapters, and here is another touch to that outfit: "Moved by Mitchell, seconded by Gibson that this council hereby declares the present fire company disorganized and that we proceed to reconstruct the same." It would take many columns to tell the story of this much disorganized, reorganized, disbanded and rebuilt "organization," but history is apparently unavailable, the motion quoted being given to show that the small town stuff still prevailed.

Queen Victoria's diamond jubilee had been fittingly celebrated on June 22, three and a half years before and now the council was called upon to mourn her death. A special meeting was called on the day of her death, Jan. 22, and the reeve declared a public holiday for Saturday, Feb. 2, when a union memorial service was held. And here is a piece of real name it yourself: The H. G. & B. had been fought tooth and nail to keep the people from getting service for fear of blocking traffic but this is delectable: "Moved by Mitchell, seconded by Gibson that, etc. etc.", and they granted the Grand Trunk permission to build a switch right across the heart of the town to the John H. Grout & Co. factory on Oak street for the accommodation of John H. Grout & Co." A board of arbitration was appointed to adjust a price to be paid J. W. VanDyke for his electric light plant and the board decided on \$8,223, which arrangement was submitted to the electors in October, they rejecting it by sixty-seven votes. And the Village did not own a lighting plant.

1902—Reeve S. Wismer; Councillors W. Mitchell, A. C. Cole, W. F. Gibson and A. Burland. Some parsimonious notion hit this council for Mitchell and Cole moved that James Brodie be clerk at \$80, a cut of \$10 from the previous two years. Perhaps the reason was to save money to cover another motion of Mitchell and Burland to get a suitable engineer to report on a first-class system of waterworks. A bit of rather spiteful facelessness drifts in too. Reeve Livingston had morally opposed some of this council at the election and he was appointed poundkeeper; but he refused the honor—and labor. Clarke street from Robinson to Maple Ave. was opened up and \$40 spent in improving it.

The Grimsby Manufacturing company asked for loan of \$10,000 but after several deliberations a bylaw was submitted to the people to grant a bonus of \$2,000, which was passed 140 to 32.

The council spent \$21 for fireworks for the peace celebration (South Africa) in spite of the Forbes bylaw of 1880 prohibiting fireworks, but they got even with Mr. Forbes by refusing to pay for a flag he had lost or been damaged during the same blowout. The tax rate was twenty mills this year. The first move toward a Carnegie library was made in August when Gibson and Burland made a motion that eventuated in the Carnegie grant being made.

A new school came up again after a lapse of some years and a bylaw was passed in October to raise \$1600 for purchasing a site.

1903—Reeve S. Wismer; Councillors W. J. Droke, C. M. Mabey, W. B. VanDyke and H. H. Marsh. In December '02 the Hewitt planing mill was burned and a bylaw submitted in January to grant a bonus of \$1000, but the ratepayers voted it down. In April a Local Improvement bylaw was passed for the main purpose of laying cement walks and the village was to pay 60 per cent., the property owner 40 per cent. The schedule of walks is not given but it tells of the Maple Leaf Paving Co. getting the contract. In September a bylaw (No. 176) was passed to raise \$12,500 to buy a school site and erect a new school, the \$1600 passed the year previous being for a joint high and public school. Marsh and Droke were against the bylaw wishing it to be put before the ratepayers, but it passed. Wm. Forbes started injunction proceedings to prevent the money being paid to the school board. The debentures were issued and while the council was deliberating over an offer for them a writ was served and the council adjourned. The upshot of the matter was that this bylaw was repealed by another one and still a third introduced practically the same as the original and it passed, Mr. Droke objecting. An action had been started in November to unseat VanDyke as he had contracted with the village for a supply of coal, and W. Mitchell was elected in his stead. The legal action taken re school debentures now came to the front the purchasing firm was instructed not to spend any more money on debentures, and the election came on giving the electors plenty to think and argue about.

FARM SALE

"What'll you gimme? Now, what am I bid?" (The auctioneer's selling "Old Barney" and "Sid")—"Two-hundred! Two-fifty! Listen to facts: Three hundred's cheap for this team of matched blacks!"

"Make it three-twenty? And ten? And now two? Say, ask the owner here, what can they do? Steady as clockwork . . . Ten years to th' day He bought 'em as colts. Now he's goin' away For his health, as you know, else they wouldn't be sold—Gentle . . . fine workers . . . and both good as gold . . ."

"Three-sixty-five now? That's better! All through? And ten? The are sold! There — that fellow in blue!"

I turned away quickly—I can't see them go. It was hard enough selling the cattle, I know, The sheep and the hogs, I was proud of my stuff—But Barney and Sid! Man, oh man, it is tough! Grimsby's the furrow they plowed through the years. So patient and willing, my eyes fill with tears. Here's hoping and prayin' for Old Barney and Sid. Your new owner don't treat 'em fine as I did.

Thursday, January 8th,

In the used car market, if it is rattling good buy, you don't want it.

It was different in grandpa's day. Instead of carrying Willie to a child psychologist, the boy was taken to the wood shed.

Annual Convention
NIAGARA PENINSULA FRUIT GROWERS
ASSOCIATION

PROGRAMME

to be held in

Victoria Hall, Vineland, Ont.

Commencing at 1:30 p.m. each day

JANUARY 12th, 13th, AND 14th

MONDAY, JANUARY 12th

PRESENT DAY SPRAYING PROBLEMS

Dr. G. H. Berkeley, Dominion Plant Pathologist, will be Chairman and this subject is to be presented in the form of a round table discussion with Paul Fisher, Robert Ferguson, Chas. Kelly, Gilbert Garlick, Robert Willison, Gerald Chamberlain and Gordon Dustan comprising the table of experts.

TUESDAY, JANUARY 13th

MARKETING PROBLEMS

H. L. Craise, Chairman, Specialists—L. F. Burrows, Secretary of the Canadian Horticultural Council, "The National Tariff Changes"; M. M. Robinson, Secretary of the Ontario Fruit Growers Association, "The Provincial Tariff Picture". Bain Stewart, Fruit Branch, Toronto, will present the local situation regarding new packages, consumer demand and distribution.

WEDNESDAY, JANUARY 14th

GRAPES, WHAT OF THE FUTURE?

Horace Kilman, President of the N.P.F.G.A., Chairman E. F. Palmer, Director of the Horticultural Experimental Farm, Vineland, Reid Smith, Secretary of the Wine Grape Growers Association, will each contribute some new information on this subject.

Varieties of other fruit, plums, pears, etc.—Discussion led by Earl Marsh, Niagara Packers, Grimsby, and George Dickson, Experimental Farm, Vineland.

E. F. Palmer will have charge of a question box at 1:30 p.m. each day commencing the sessions.

Horace Kilman, President

E. F. Neff, Secy.

NIAGARA PENINSULA FRUIT GROWERS

CONTINUATIONS

From Page One

TWO LICENSE PLATES

"We hope to have 40,000 holders available at an average price of \$1," he said, "but we expect the last-minute demand will exceed the total that can be manufactured, due to difficulty of obtaining steel."

The new holders are a dual purpose affair. If your car has the "new look" appearance they will fit around the bumper, while the older "open" models they can be placed on the bracket behind.

Ontario's new markers will be royal blue, with white letters and have the tall crown of St. Edmund, instead of the little, flat Queen's crown of previous years. They will be available January 2 and it is expected some 800,000 will be sold along with over 1,200,000 driving permits.

Yes, it took the convicts at Guelph reformatory longer to make the extra plate and it'll take you a while to find a place to park it. So to avoid bumping up against a bumper without a front license holder, better go have a look at your jalopy tonight.

YOU MUST BE HARDY
some types over on Lake Erie were indulging in this pastime when they suddenly found themselves drifting out into the wilder regions of the expansive Lake Erie. They were rescued by helicopter. But it's such fun, you know.

Getting a little closer to home, we journeyed to Jordan Harbour, where the fish are fish if you can see them (summer or winter) and the smell (in the summer) and the men are men if they can stand cold (in the winter).

Actually it's quite simple. You courageously take a preliminary step from the reed infested shore, do not let the wild creaks alarm you, and if you haven't fallen through before you are ten steps out—brother you're in—literally speaking of course. So now you are walking across the broad expanse of the pond, and you select a likely looking spot. Chopping a hole through the ice about two foot in diameter, you hope that this does not weaken the area too much and you proceed to fix up your line. Now this is really good, and manufacturers of fishing tackle must really hate these guys, because all you actually need is a stick about twenty inches long, a piece of line (no great test required) a minnow and a cork, oh yes, let's not forget the hook. That is all you need except a lot of patience, a wardrobe that would put Admiral Byrd's outfit to shame, three hot water bottles (with hot water) and any type of elixir that you crave. You walk about this little hole in the ice, keeping a wary eye on the cork, while the other eye watches a blonde gal who is skating nearby. This I must admit is somewhat of an attraction that must be taken into consideration.

When the cork bobs, you move, and perhaps you will find yourself the new owner of a six inch perch.

You then must have another eye to watch the gulls who have a most annoying habit of lifting your newly acquired trophy. So after you freeze your fingers baiting your hook again, you cast an eye for the blonde who has disappeared by this time, and you cannot help but wonder whether or not she has fallen into a deserted hole that some ice fisherman has left. The end.

If you are lucky, and your frying pan is the "six fish size" you can have enough in about two hours, during which time you have either caught double pneumonia, six fish, no fish, a hangover, cold feet, wet feet, soaked to the knees, completely immersed, frozen fingers, or a feeling that perhaps you should start a search for the blonde. Yes sir. Fishing through the ice is wonderful.

GRIMSBY BOY
the ratio on the campus was 4.5 men to every girl.

By the time the second week rolled around the most of us had found our feet and life was on a routine basis. My routine ran about as follows . . .

8:00 a.m.—Up dressed and grab a bit of breakfast.

9:00 a.m.—Classes until 11:00.

11:00-12:00—Study.

1:30-2:30—Classes (Monday, Wednesday and Saturday afternoons free.)

4:30-6:00—Sport.

2:30-4:30—Study.

6:00-11:00 p.m.—Supper, Study or Sport.

This routine would vary according to circumstances such as formal dances or other forms of diversion, but it usually remained almost standard.

College sports make up an important part of the extramural activities of any student. In the fall the most important is of course the rugby games which occupy every Saturday afternoon. Rugby is one of the most thrilling sports in which inter-collegiate teams are engaged and if your college boasts any semblance of spirit at all it will manifest itself at these Saturday afternoon contests.

parlors of the town showed that haircuts were still fifty cents, and although the barbers know of the sixty and sixty-five price being charged in the cities, no immediate plan is underway to "clip" the people more for their weekly trim.

Hardware report no great change in hardware articles during the past year. Nails are still in very short supply, as are most steel and sheet metal items. Electrical appliances are available in fair supply, with the exception of electric stoves.

Motorists at any one of the nine service stations in the town have expressed a "beef" about the raise in the price of gasoline. No. 2 gas at thirty-seven cents a gallon, and No. 1 gas at thirty-nine cents is the price being charged in all stations contacted. Car owners say they will drive less. Motor oil did not jump on this the most recent jump, but stove and furnace oil took a two cent leap.

Not many people are doing any serious complaining about the recent jump in the price of milk. Apparently they realize that this is one commodity that is essential at any cost. Although the trend does show a slackening off in the purchase of the white liquid.

Our ferris wheel continues to go up, and with no apparent signs of leaning over and starting on its downward trek.

The attitude of careful buying by the housewives of the town was quite apparent as we journeyed around, and shopping bags were not packed as full as usual, and foodstuffs such as butter, bacon and choice steaks which have been considered common edibles during our post war boom, now seem to be swinging over to the luxury side by the meal-planning and budget-planning housewife.

LEAD POISONING

Eating lunch at the factory work-bench is dangerous, according to a warning from the Industrial Health division of the Department of National Health and Welfare. Workers, carelessly placing food on the work-bench, may add some such dangerous metallic substance as lead to their diet and, say the health authorities, lead poisoning is far too common an industrial disease. Care is also urged in measures for ventilating plants to clear air of lead dust and lead fumes.

The man who usually refers to his wife as the old lady doesn't do it in her presence.

When darkness falls, the owls take over from the hawks and other predators in the destruction of harmful rodents. The Great Gray Owl is essentially a northern bird, living as far north as the tree line, and comes south to the settled parts of Canada only during severe winters. Because of the ease with which it can be captured (it can sometimes be caught in the hand) it has unfortunately become very rare and every care should be taken to protect this useful rat- and mouse-catcher. To help the public recognize the need for conservation of our natural resources, authoritative literature on this subject and full-colour reprints of wildlife illustrations (without advertising) are available free by writing to The Carling Conservation Club, Waterloo, Ontario.

Discovered in 1741 by Commander Bering, the Pallas Cormorant became extinct around 1852 — another bird which will never again be seen.

Social Events - Personals - Organizations - Club Activities

Art Brydon returned to his studies at Queen's University on Monday.

Jack Newton has returned home after a three weeks' Yuletide visit with his son at North Bay.

Miss Phyllis Dunham has returned after a two weeks holiday visit with relatives in Huntsville.

Lt.-Col. Fred Kemp who has been in Toronto the past few days for a check-up was able to return home again yesterday.

Ted and Wally Gayowski, have returned to St. Michael's College, Toronto, after spending their Christmas holidays with their parents, Mr. and Mrs. Fred Gayowski, Main St. E., Grimsby.

Ballet Night will be held in Grimsby on Friday night January 9th, when Suzette presents "Frosty Fantasy" by students of her dancing classes. There will also be tap dancing and tumbling. "Reminiscence Of A Ballerina" will be performed by Suzette. Two moving pictures will be shown, "Land of Toys" and "Invitation To The Dance". There will also be a "Russian and Ukrainian Folk Dance" film. The performance will be staged in Trinity Hall, beginning at eight o'clock sharp.

**FARM FORUM NEWS**

The opening meeting for 1948 of our forum was held at the home of Mr. and Mrs. Alfred Bingle with twenty members attending. The topic of discussion "Marketing by Co-op" was well discussed and secretaries for the evening were Mrs. S. Merritt and Mr. Lewis Hawkey. After the social hour an amusing game was conducted by Spencer Merritt. "Do you know what clothes your husband or wife wears?"

Next week our president and Mr. and Mrs. Reg. Walker are going to S.S. No. 5 in Caistor to help organize a new forum. Our meeting for Jan. 12 will be held at Mr. and Mrs. Hilliard Gibson's home. The subject will be "The world is our market."

BAPTIST CHURCH

The congregation of the Baptist Church participated in a very happy and profitable gathering on New Year's Eve, December 31st. It was a combination Dedication, Social Fellowship, Business, and Watch-night Service and commenced at 8.30 p.m.

The stork was three days late as far as giving West Lincoln Hospital a New Year's baby. However, on January 3rd, a boy was born to Mr. and Mrs. Bernard Umphrey of Jordan Station, with Dr. James MacMillan attending. So the Umphreys have the baby of the year as far as West Lincoln is concerned.

Other births reported at West Lincoln include:

To Mr. and Mrs. Roy Follick, Beamserville, on December 28th, a son.

To Mr. and Mrs. Harold Dawe, Winona, on December 30th, a boy.

To Mr. and Mrs. Harold Porteous, Beamserville, December 31st, a girl.

To Mr. and Mrs. Joseph Tucker, Beamserville, January 6th, a boy.

To Mr. and Mrs. Harry Smithers, Grassies, January 7th, a boy.

The first game of the Annual Mixed Bridge Tournament under the auspices of the Ladies' Auxiliary of the West Lincoln Memorial Hospital will be played next week. All those wishing to help with this good work please phone Mrs. Ramsay, 124, or Ann Crane, 527, as soon as possible so that your name may be put in for the draw.

Coming Events

Alexina Rebekah Lodge will hold a Bridge and Euchre party on Tuesday evening, January 13th, at 9 o'clock, Masonic Hall. Come and bring your friends. Good prizes, refreshments. Admission 25c.

Engagement

Mr. and Mrs. James L. Dunham of Grimsby, announce the engagement of their only daughter Irma Phyllis to James Sergeant Lyall Parker, elder son of Mr. and Mrs. A. Edmund Parker of Huntsville. Wedding to take place the latter part of January.

GREEN TREES GUESTS

Mr. and Mrs. G. Ohberg, Colchester, Conn.; Dr. and Mrs. F. P. Fox, Scarborough, Ont.; Mr. and Mrs. G. F. Granger, Detroit; Mrs. Grady Trew, Shreveport, La.; Mrs. W. T. Davis, Gainesville, Texas; Misses Doris and J. Adams, Cleveland Heights, Ohio; Mr. and Mrs. J. Quinn, Cleveland, Ohio.

CARD OF THANKS

We wish to express our sincere thanks to our many friends, neighbours and relatives for their kindly messages of sympathy and beautiful floral offerings during the illness and death of our beloved husband and father.

We especially thank Rev. L. A. Griffith for his faithful attention and inspiring words whom Mr. Laidman looked forward to seeing until the last.

—Mrs. Samuel E. Laidman and family.

Trinity S.S.

The attendance at Sunday School on January 4th, the first Sunday in the New Year, was considerably better than it has been for the past two weeks.

Teachers and officers are reminded of the annual meeting to be held in the Ladies' Parlour, Trinity Hall, on Thursday, Jan. 8th at 8 o'clock.

Further donations amounting to \$24.00 for the projection fund have been received.

About fourteen girls of Mrs. L. A. Griffith's class gathered at Trinity Manse for a social evening on Monday, December 29th.

PHIL'S FOTO-NITE

Beam Theatre, Beamserville

At midnight itself bedlam broke loose and the New Year was joyously welcomed by nearly 100 residents. The party continued till 1.

In Memoriam

WADGE — In loving memory of Richard Wadge, who died December 31st, 1945.

Years go by but memories stay.

As near and dear as yesterday.

—Keith and family

LOCKE — In treasured memory of our sister Doris, who died January 12th, 1937.

"Not just to-day but every day,

you are remembered.

Sister Violet, Jim and family.

GODDEN — In loving memory of our dear brother Edward, who passed away January 7, 1929.

We do not need a special day

To bring him back to mind;

The days we do not think of him.

Would be very hard to find.

—Always remember by Beatrice and Charlie.

Grandpa didn't give grandma as beautiful an engagement ring as the boy of today. The jeweller didn't sell on the installment plan then.

Job had patience but there were no radio commercials in his day.

Darkest gray wool jersey makes the skirt, sleeves and collar of this two-piece; a nice number for general daytime wear in town or country. The sleek middy top is of rose and gray checkerboard jersey. The skirt has unpressed pleats all around and one kick pleat in front. For an extra touch of color a bright rose silk scarf is worn at the neckline.

Thursday, January 8th, 1948.

Telephone Your News Items To Her.

Miss Lena Simonds is spending a few days in Toronto.

Miss Sally Pearson, Toronto, spent the New Year's holiday at the home of Miss Mary Pyne.

Mrs. Helen Wood, Jerseyville spent New Year's at the home of Mr. and Mrs. Walter Schott, Park Road.

Mr. and Mrs. Ken Nelson and Bruce were in Barrie visiting relatives over the New Year's holiday.

Mrs. John Schott spent the New Years holiday with her son and daughter-in-law, Mr. and Mrs. Harvey Schott, St. Catharines.

Mrs. Robert Cole is in the Hamilton General Hospital where she will have an operation this week. All her friends wish her a speedy recovery.

BREVITIES

EVENTS and TOPICS
of the WEEK in
TABLOID

Town council meet next Monday morning at 11 a.m.

North Grimsby council meets next Monday at 11 a.m.

Hydro men are changing electric meters throughout the town.

Romaine K. Ross, well known St. Catharines lawyer, is the new Reeve of Port Dalhousie.

Building Permits in Burlington in 1947, totalled \$580,000, an increase of \$100,000 over 1946.

A gang of men of the Ontario Construction Co., who have the contract for rebuilding the sewage disposal plant have commenced work.

Harvey Walker, "The Hermit of Winona," now on big construction work for the Department of Highways at Severn Falls renewed old friendships over the holidays.

The death occurred in Hamilton on Wednesday morning last of James Blasemy. During 1914-15 he was a resident of Grimsby who was construction superintendent of the Post Office.

Friday night, January 9th, will be Ballet Night in Grimsby when Suzette presents her dancing classes in a ballet entitled "A Frosty Fantasy," in Trinity Hall.

Vernon Tuck, government weatherman in Grimsby, has been notified that henceforth the weather stations will be known as Climatological Stations instead of Meteorological Stations. Grimsby is also designated as an urban station. In the future, also, weekly reports will be made on snow and soil conditions.

Sparks were rolling from the main chimney of the Village Inn again on Tuesday night, as no furnace flues were being cleared while a bright soft coal fire burned briskly. The Fire Department was called; however, no damage was reported, and so the fourth alarm goes into the records.

Transfers of property in the City of St. Catharines for the month of December last year were 74 for consideration of \$395,673, and family transactions for a consideration of one dollar totalled 14. The total property transactions for the year 1947 were 1165, 948 for consideration of \$5,221,503 and 217 for one dollar.

Waterloo County for some months past has been in a turmoil over Equalization of Assessment. The Town of Preston hired ex-Reeve H. G. Mogg to make a special assessment of the town and as a result appealed their County Equalization to the tune of \$1,750,000, and last week before the Judge with Mogg as their chief witness, won their appeal. The Judge congratulated Mogg on the fairness of his award.

The Annual Convention of the Niagara Peninsula Fruit Growers Association will be held in Victoria Hall, Vineland, on three days of next week, Monday, Tuesday and Wednesday, January 12th, 13th and 14th, with the sessions commencing each day at 1:30 p.m. Many questions vital to the fruit industry will be discussed and prominent speakers will give addresses on many important subjects.

Rev. George A. McLean conducted the services at the home and the graveside.

Pallbearers were George Fair, E. A. Flewelling, I. G. Hilland, Sam Bartlett, Wray Betts, Charles Clattenburg.

Mrs. Adams' three daughters, Miss Doris Adams, Mrs. Bertha Beville and Mrs. Evelyn Quinn, all of Cleveland, attended the funeral.

College degrees are over-rated, says a university head. Yes, it seems we are dying by degrees.

Things could be worse. Just suppose there was a return of the chain letter craze.

SPORTS**SOGGY GREEN NEARLY WHIPS
THE KINGS SINGLE HANDED**

It is with a great deal of pleasure that I can sit before my typewriter and pay tribute to one of the greatest hockey players that the Intermediate league fans have been privileged to see either in this year 1948 or as far back as 1928. The years are telling on Soggy Green but they have not taken their toll to such an extent, that would leave Soggy Green a useless hulk of a man simply wearing the orange, black and white of the Dunnville team.

Friday night at the local palace of ice-foolery, the grinning Soggy Green along with a dozen cohorts took all the bumps the Kings could hand out and when it was all over the one and only Soggy Green made out Peach Kings look like a bunch of tramps, and as a result the Kings barely eked out a tie with the supposedly underdogs from Dunnville.

It is not often we care to pan our own team, but if ever they deserved criticism it is now, for their attitude of supremacy and utter confidence was a sight to make the fans a little weak in the abdominal regions.

There was some fair hockey in spots. Following the first goal by the Cats after only fifty seconds to play, the locals played a very fine brand of hockey, their passing was a thing of beauty, and they appeared to be away in a walk, and we maintain that they should have won by five goals. If they had continued to play, however they decided to have fun with the old men from Dunnville, and all the time, old Soggy was leading them into their downfall. Soggy Green's name appears on every Dunnville tally, and his passes around the King's defense were really work's art.

We do not feel sorry for the Peach Kings, but we do feel for Pop McVicar, whose words rolled off the back of his confident kids, like water down a rain spout.

Craig's appearance in the lineup was a feature, and Craig's checking powers are still fascinating, and extremely effective. Glass and Duffield were also playing nice hockey, and did yeoman service for the Kings.

Not wishing to condemn the red and white all through this missive, it is hardly a defensive measure however, to note that they had countless scoring chances where the Dunnville goalie was outguessed, but the locals shooting was the most inaccurate seen around here in years. Mayhap the Kings should install a radar system, either that or good old shooting practice by the hour.

The game had a few features which are worth mentioning. The first probably being a double minor penalty called on Pud Reid by referee Chuck Thompson, whose initial appearance on Grimsby ice was not too well received. Personally we have never heard of a double minor, but then we will remember this little point, perhaps it would be a lot better. Warner and Blanchard both got the gate for carrying on with a Dunnville player who was about to be penalized, which would have given the Kings that much needed advantage at one or two points in Friday's game.

The hard working Jamieson on the Dunnville defense went out with a very severe gash in his left leg, when Craig's skate harpooned him, as the two players fell along the boards. It is to be hoped that Jamieson will not be out of action too long, for his defensive work is an important factor in the Cats future plans.

There were fourteen penalties handed out, with the Kings holding a slight majority in this department. Glass's great play in overtime climaxed a brilliant night for this boy, to say nothing of his setting up the goal that enabled the Kings to tie a game that was almost lost.

I recall hearing the boys discussing the Port Colborne game, and it seemed to be their opinion that they were glad they had that bad one out of their system. If that was bad, what was Friday night's attraction? Perhaps it was a good thing that the game went the way it did, now perhaps our guys will realize that if they are even going to make the group playoffs, they will have to play hockey—ALL THE TIME.

SUMMARY

First Period

- Dunnville—Jamieson (S. Green, D. Long) — .50
- Kings—Duffield (Miller, McFarlane) — 6.35
- Kings—McFarlane (Miller, Duffield) — 7.05
- Kings—Craig (Warner) — 12.35
- Penalties—Tylee, Craig, Hodgson.

Second Period
5. Dunnville—S. Green (unassisted) — .55
Penalties—Miller, Glass, Hodgson, Reid (double minor), Stephens, Knight, Pitts, Duffield, Pennell.

Third Period
6. Dunnville—Stephens (S. Green) — 10.26
Penalties—Blanchard, Warner, Pitts.

Overtime
7. Dunnville—D. Long (S. Green) — 1.30
8. Kings—Knight (Glass, Hale) — 4.10

Lineup — Dunnville—Goal, R. Green, Defense Hodgson, Jamieson, Centre S. Green, T. Long, Stephens, Alternates Pitts, Robins, Pennell, Tylee, Jones, D. Long.

Peach Kings—Goal—MacMillan, Defence, Glass, Reid, Centre Buckley, Wings, Hale, Knight Alternates Miller, Duffield, Blanchard, McFarlane, Warner, Craig, Davidson.

Referee — Chuck Thompson, Thorold. Linesman Artie Clark, Grimsby Beach.

**Bigger Profits from
PEACHES
WITH
VIGORO**

Many peach growers have found that Vigoro Commercial Grower boosts their profits. That's because it helps them grow peaches with better colour, appearance, flavour and shipping qualities. Also, it increases total yield per tree and results in a better percentage of top-grade fruit.

Use Vigoro Commercial Grower this year on your peaches, and get bigger profits.

**PROS. HAVE NOTHING
ON MIDGET LEAGUE**

Probably the best games in the Midget League so far this season, were played last Saturday morning, as teams now seem more equally divided, with a few new players brought in to bolster some of the weaker entries.

Buffalo and Syracuse played a thirty minute scoreless tie game, however, Buffalo were credited with a win, after it was learned that Syracuse had used a player that was not eligible.

St. Louis and Cleveland played another hard fought game, with St. Louis emerging on the long end of a three to two count. Ronny Moore got all three St. Louis goals, while John Lawson was the Cleveland sniper.

The league standing — Detroit team in the major group, blanked the Maple Leafs to nothing, this being their fourth straight win. Fogacher, Ray Fisher and Keltner each picked up goal.

The final effort was keenly contested, with Boston emerging the visitors over Canadiens by a two to one count. Canadiens played their best game of the year, and Boston were lucky to eke out a win. Pirozzi scored first for the Canadiens, and they held this lead until late in the game, when Bob Cole came through with two quick goals to give his Boston team a win, their second of the season.

League standing as of January 3rd:

Minor League			
Won	Lost	Tie	Pts.
Buffalo	3	0	1
St. Louis	3	0	1
Cleveland	1	3	0
Syracuse	0	4	0

Major League			
Won	Lost	Tie	Pts.
Detroit	4	0	0
Boston	2	1	1
Maple Leafs	1	2	1
Canadiens	0	4	0

Games Saturday Jan. 10, 1948.—
8.30 Buffalo vs St. Louis.
9.05 Cleveland vs Syracuse.
9.40 Detroit vs Boston.
10.45 Maple Leafs vs Canadiens.

**REFLECTIONS
IN THE ICE**
(By High McGregor)

It had to happen. A lot of those nice new shiny programs went the way of all programs—flying out on the ice. This ancient and amusing practice of showing your feelings towards a ref's decision always fascinates this department. It holds things up nicely for everyone concerned.

What certain CUB REPORTER now attending Queen's was found guarding a car overhanging a six foot culvert down by the Diner following the hockey game. Can't drive either, huh?

Did you fans glare on to the conversation between some of the Peach Kings and members of the Dunnville Mudcats. Just like old home week. Only difference was that the Kings did the talking and the Mudcats did the scoring. Yuk, Yuk, Yuk. (Not through the courtesy of Coleman, first year man of the Globe).

An interview with Ray Green, the Mudcat goalie, brought forth this short statement. Leave us quiet—

"Youse guys had me beat a million times, but couldn't hit the open net with a bushel of Indian rice. Ugh and how come? Heap 'em too much New Year's. Ugh. Ugh."

With which we generally agree Mr. Green.

Even the time clock gave indications of being lousy. Guess it was a bad night all the way around. Ad did you get stuck too?

The reserved section was not too well patronized. Cheap skates take cheap seats for cheap game. More "Yuk, Yuks."

As the Dunnville bus wended its way through the smoke and the snow back to the little country town of Dunnville-on-Grand, we leave the bootiful "Smoke Room" of the Village Inn, still waiting our turn to buy a round for the immortal Soggy Green and his mates, and did you see those smiles. We did, as we cut a hole through the smoke with the blunt edge of a Peach King hockey stick.

O. H. A. SCORES

Peach Kings 7	Pt. Coborne 6 (overtime)
Peach Kings 5	Dunnville 5 (overtime)
Falls Mangs 9	Crowland 4

Another rude awakening is the young fellow who thinks that two can live as cheaply as one.

GYPSY WILDCAT**FRUIT BELT LEAGUE**

Monday Night Scores —
Grimsby 5 Stoney Creek 2
Winona 5 Binbrook 5
Beamsville 3 Fulton 3
A quick summary of the Monday night triple headers at the local arena shows that the Fruit Belt League is fairly well balanced this year, which is an improvement over past years. Binbrook seem to be the only weak link, which is too bad, because they appear to be the best equipped team in the loop. A good netminder would help their cause.

The local entry is fairly well balanced, but a trifle more team spirit would aid the Grimsby cause. The Beamsville entry is the most improved outfit of the year, having combined with a few of the players from the Jordan-Vineyard district, the Beamsville team is undefeated, and were robbed of a last second victory on Monday night against Fulton.

All in all the Fruit Belt League appears to be a vastly improved league, and a lot of credit is due Tom Collins for whipping the loop into shape. One thing that is noticeable is the fairly good attendance the games are drawing, and we think that any person who enjoys good scrappy hockey, should drop up to the arena on a Monday night — we think you will enjoy this brand of hockey.

FRUIT BELT LEAGUE

HOME-TOWN MOTORS
MAIN ST. W. GRIMSBY

SPORTOLOGY
(By Bones Livingston, Sportologist)

PORT COLBORNE WILL BE OUR GUESTS — Friday night the local girls will be the scene of a fine hockey match, that is if the two teams involved, go at it as they did on the 30th of December over in Port Colborne. The men of Port are a vastly improved team over their 1947 version, and there are those that say the Kings were lucky to eke out seven to six win over the Port Merchants. One thing for sure is that the Kings will not be able to lounge around and make plays like they were playing FRUITBELT HOCKEY. Their disappointing showing of last Friday left a bad taste in the mouths of some fans, and the locals will be going all out to win their second game, and at the same time to get back in the good grace of Mr. and Mrs. John Fan. Port Colborne Merchants, under new management are out to make a come-back, if not for dear old Port, then for the fiery Dinty Moore, who although not connected with the team, most certainly is playing the role of advisor. We call this game as one of the best of the year, and predict a full house, and a whale of a game—but we won't go out on a limb and pick a winner. Will you?

SOGGY THE EVERGREEN — Hockey players come and hockey players go, but to all appearances OLD SOGGY GREEN of the DUNNVILLE MUDCATS is going to go on forever. His underpinning may be collapsing but his old noggins certainly is not. He proved that last Friday night when he almost flicked the PEACH KING single handed. He was in on every goal of the four that his team scored and he forced the Kings to go into overtime to come out of the fray with a tie. SOGGY learned his hockey on the canal feeder and the Grand river and played on kids' teams around Mudcatville. In his early teens he was picked up by the intermediates and from then to now he has been an outstanding player. He played two years in the now defunct Florida league and was star in that organization. For over 20 years he has been playing intermediate hockey and he still has some life in the old carcass. Dunnville in the past has produced some mighty nifty hockey players but none of them any better than SOGGY.

SHOVELLING SNOW — Bowling leagues get under way again this week . . . PEACHKINGS will be guests to PORT COLBORNE tomorrow night. The KINGS took the MERCHANTS in the Canal town by a 7-6 score in overtime. The tilt tomorrow night should be a tid-bit . . . The lads and lasses that like to work the reserved seat racket on an admission price ticket, same as they do in Hamilton, got a big surprise Friday night when they tried the gag at the ARENA. It just didn't work out . . . LITTLE JOE THE WRANGLER has severed his connection with the PEACH KINGS. Press of private business. LONG JOHN TILLOTSON is the new water boy . . . We had a Dutch Windmill in full operation in the office on Saturday morning. OLD POP McVICAR was on the eve and when his arms and legs got twirling a person had to keep their distance . . . ARTIE CLARKE. The Notawasaga Flash, is doing a good job as linesman in the local group. They learn fast these days . . . First ringer ever known in the FRUITBELT was away back in the early 1900's at the old Doran rink on Oak street, when Beamsville slipped in the famous Texas Gillard against the locals. What a timethere was over that . . . Don't worry about the snow. First thing you know you will be worrying about the Brown Rot . . . According to newspaper reports MARKHAM MILLIONAIRES are playing Senor "B". Just how come nobody locally seems to know.

SIGNS IN WASHROOMS

In a further move to effect a cleaning-up in local restaurants and hotel washrooms, sanitary inspectors of the St. Catharines-Lincoln Health Unit are placing special signs in all such washrooms. Patrons are asked to deposit paper towels in the receptable provided, to wipe the basin with the towel after using, and to leave the room tidy and clean. Persons having complaints are urged to speak to the proprietor or to notify the health unit. Only in this way will the standards be maintained properly, one of the inspectors said.

VINEMOUNT NEWS

Miss Jean Twaddle, Stoney Creek, a student teacher is teaching at No. 10 Vinemount School with Miss Duck, and staying with Mr. and Mrs. G. A. Gliddon.

The annual meeting of the Tapleytown Young People's Association was held at the home of Murray and Alice Tweedie. Murray Tweedie had charge of the service and Laverne Tweedie the business. The election of officers was as follows: president, Laverne Tweedie; vice-president, Alice Tweedie; treasurer, Earl Krick; fellowship convener, Alice Tweedie; missionary convener, Betty Thomas; culture convener, Murray Tweedie; citizenship convener, Gladys Tweedie; recreation committee, Ruby Krick; Gordon Hildreth; Bobby Staples, Doris Thomas; lunch committee, Phyllis Fowler; Muriel Bowlaugh, Stelia Krick; flower committee, Laverne Tweedie, Harry Fleming, Earl Krick, Reta Thomas; pianists, Doris and Reta Thomas; press reporter, Jean Tweedie.

The annual meeting of Tapleytown Mission Circle was held at the home of Alice Tweedie. Officers were elected as follows: President, Alice Tweedie; vice-president, Reta Thomas; secretary, Gladys Tweedie; treasurer, Jean Tweedie; pianists, oDoris and Reta Thomas; mite-box convener, Betty Thomas; supply secretary, Muriel Bowlaugh; temperance, Doris Thomas; stewardship, Alice Tweedie.

The Vinemount Women's Institute held its annual New Years Eve eucra and dance in the W.I. Hall with a large crowd in attendance. George Oldfield was master of ceremonies and Mrs. W. Wilson was in charge of the refreshment booth. The prize winners were as follows: Mrs. W. Wilson, Mrs. Alwyn Wat, E. Harvey and Robert Bell.

The Mountain Teen Age canteen had a delightful Christmas party. Games, song, singing and dancing provided the entertainment.

A saint says we are smartest at 50. But the average high school graduate could never be convinced of it.

CONTINUATIONS From Page One

THREE IN THE FIGHT
warden candidates: Laundry — reeve of Beamsville 1941, 42, 47, 48; chairman of legislation committee of county council and on reception committee 1941; on reception and printing and building committee, 1942; chairman charity and welfare, 1947. Beamsville's last warden was E. B. Osborne, 1935.

Hoare — deputy-reeve of Merriton 1945; reeve 1946-48; vice-chairman of county charity and welfare committee 1945; member of general administration, member of special committee on roads, member of special committee on organization 1946; chairman of general administration 1947. Merriton's last warden was William A. Richardson, 1924.

Lymburner — reeve of Caistor 1941-48; chairman county assessment finance, 1943; chairman education, vice-chairman assessment, 1944; chairman agriculture, vice-chairman assessment, 1945; chairman finance, 1946; chairman finance and representative to health unit, 1947. Caistor's last warden was Stanley Young, 1938.

DISTRICT GOVERNOR
the recipients of the gifts from the Lions.

The highlight of the evening was the address by District Governor Bill Phipps of Paris, Ont. Lion Phipps stated that the Grimsby Club has a fine record, and urged members to continue to attend their meetings regularly, he mentioned the fact that they have averaged an 81% average attendance in the past, which he considered very good.

Lion Phipps praised the Grimsby Lions for their work in giving swimming instruction, as well as their work in supporting the Victorian Order of Nurses, the West Lincoln Memorial Hospital, and the support of the Blind Committee.

The Grimsby Lions have a fine surplus in the bank, and you should not bank money too long," stated the District Governor.

His main topic was the Communist threat, and in this regard he released figures that show, without a shadow of a doubt that the Communist threat is one of the greatest problems we as a Canadian democracy have to fight to day.

"The Civil Wars now raging in China, Greece and other European Countries are instigated by Moscow, and any of these could be stopped on orders from the Kremlin. It is those countries who have been ravaged by war, and who are now attempting to rebuild, that the Communist Party thrives on. If these countries do rebuild it would damage the Communist cause."

"We have a Communist Party in Canada, and it is just such cases as the election here in Grimsby on Monday, whereby only about nineteen percent of the eligible voters exercised their franchise that the Communists thrive on. Our nation's safety cannot be met with indifference, and we must take an active and a strong attitude against the Communist Party."

The speaker gave a list of figures that staggers the imagination for according to these figures there are over sixteen million Communists in the world to-day. The European Countries are naturally the strongest, but the threat in Canada and the U.S.A. should be met now.

Lion Mel Johnson thanked the speaker for an address, which he felt was a topic about which the Lions are aware, but being told about it was very essential.

"We must not be too complacent, and it is a challenge we must take up," stated Lion Johnson.

Following the address, color films were shown covering the San Francisco trip which was made by the local President and many others from this zone. They were extremely interesting, and not even a chimney fire at the Inn which broke out during the showing of the film disrupted the proceedings.

MUNICIPALITIES WILL
CONTROL GAS HOURS

Closing hours for gasoline stations will be placed under municipal jurisdiction by amending legislation to be introduced at the next session of the Ontario legislature, according to an announcement by Charles Daley, Ontario Minister of Labor. It is said that the present legislation has become quite a headache for the department.

Persecutions against some operators of gasoline stations in the Scarborough area of the Toronto zone are to be dropped, Mr. Daley stated. "We are wiping the slate clean as of Jan. 1 but from then on there will be rigid enforcement of closing hours," he said. "Under the new proposed legislation only closing hours will be brought under municipal control. All other matters of regulations will remain, as now, under the Industrial Standards Act," he said.

Breathes there a politician with soul so dead who has never referred to an opponent as a Communist.

ST. CATHARINES SETS NEAR BUILDING RECORD

Building permits issued last year in St. Catharines totalled \$1,924,970.00, only a little short of the record of \$1,962,405.00 set in 1946, Ald. Richard Robertson told city council in presenting the final report of the market, properties and licenses committee.

There were 441 permits issued last year, largest of which was for \$309,000 for the collegiate addition. Other large-sized permits were \$115,000 for the CNIB home, \$100,000 for the Canadian Legion addition, and \$119,000 for the Esquire Hotel addition.

"Considering the shortage of materials, St. Catharines is certainly making great progress in the building industry," said Ald. Robertson.

Totals were \$952,258 in 1945 and \$656,393 in 1944, he reported.
